

Regular Board Meeting Agenda

Saturday August 8, 2026 10:00 a.m.
Township Hall
Zoom Meeting ID [799 777 8521](#)
Passcode 413315

The purpose of the consent agenda is to expedite business by grouping noncontroversial items together to be dealt with in one board motion without discussion. Any member of the public, board, or staff may ask that any item of the consent agenda be removed and placed elsewhere on the agenda for full discussion. Such request will be automatically respected.

Standard Consent Agenda Items:

Minutes of prior meeting, Treasurer report, Clerks Report, Assessor Report, Zoning Administrator Report, KMHC Report, Road Committee Report, Fire Department Report.

- I.** Meeting Call to Order -- Fletemier
- II.** Pledge of Allegiance -- Fletemier
- III.** Roll Call of Members Present – Nichol
- IV.** Approval of Consent Agenda – Fletemier
 1. ~~Includes Minutes of Prior Meeting, Treasurer report, Clerks Report, Assessor Report, Zoning Administrator Report, KMHC Report, Road Committee Report, Fire Department Report.~~
- V.** Adoption of Agenda - Fletemier
- VI.** Conflict of Interest – Fletemier Roll call
- VII.** Minutes of Prior Meetings
 1. July 8 2026
- VIII.** Clerks Report – Nichol
 1. Review Bills Due
 2. Revenue and Expenditure Report
 3. Election Results
- IX.** Correspondents and Guests
 1. Community Officer – Deputy Ray Farrier
 2. County Commissioner – Kohn Fisher
- X.** Public Comment (3 Minute time limit)
- XI.** Township Reports not included in Consent Agenda
 1. Planning Commission – Todd Brozovich
 - a) Public Hearing
 2. Zoning Board of Appeals – Carl Buttermore
 3. Road Committee Report – Shoemaker
 - a) Board Member for Road Committee
 4. Board of Review – Carl Buttermore

5. KMHC Report
6. Fire Department
 - a) CSI Fire Truck Update
 - Request for additional funding of \$4,112
 - Rescue Addition
 - b) Turn Out Gear

XII. Board Members Comment and Input

XIII. Old Business

1. Employee Handbook w/ ESTA Compliance – Update Nichol
2. Pension Payout Status – Brighthouse Nichol
3. KMHC Property Tax Update
4. Speed Limit Signs
5. Tower Lease – Review and decide on Lease Extension
6. Kennel Road Easement Update
7. Data Center Moratorium – Next Steps
8. Items to Hold for Future Meeting
 - a) Kitchen Bid Updates
 - b) Policy Manual Approval

XIV. New Business

1. GFL Performance Discussions Update - Fletemier

XV. Next Meeting date Wednesday September 7, 2026 7:00 pm

XVI. Adjournment

Blue Lake Township

Blue Lake Twp Fire Department Monthly Report

July 2026

Total runs for the month- 33

Medical- 4

fire related- 29

Mutual aid- See attached reports

The new Engine has been lettered for Blue Lake Twp. Fire Recue. It was brought to our station to start getting plans for what and how we will move equipment from our old engine to the new.

Received the Contingency work from Mark at CSI. \$10,000.00 was put into the contingency fund. The truck was brought to our station to look at and making plans to switch equipment and fabricate the compartments

Currently the cost is over the \$10,000.00 and is coming in at \$14,112.00.

We would like to know if we can proceed with the \$4112.00 over the contingency or do we need to look into trimming the cost to keep at \$10,000.00?

We could cut a couple of items out. This would then mean we would have to mount the equipment ourselves. Would make more sense to have them do all mounting of equipment during their process and getting the warranty that comes with the installation.

We need to order fire gear for a few firefighters. I have added an attachment with a quote for the gear. I would like to get approval as the amount is over \$2500.00.

Last month I asked for approval to order new gear and it was stated that we need to watch spending due to the new truck, so we needed to hold off on spending. In the meantime, I have 2 Firefighters that would be our first line of attack that do not have the proper gear (out of date). Believe me, I understand and we are very fortunate to be getting the new engine. I also believe that the course on which the truck was going to be paid was figured out and the gear is a safety concern.

Blue Lake Twp Fire Department

Monthly Report

Med control meeting-

Pulsar is still active. We as a department have decided to go away from Pulsara and start working on filling out face sheets. This will become the new norm for First response Fire Dept.

Fire chiefs meeting – Lot of discussion on Fair and coverages needed for different events.

Everyones call volumes are way up.

Kalkaska County IT is having major issues, and all email systems are being impacted severely. What this means to us is that EDispatches is an email driven system. Since the IT department is having issues getting this resolved we are having major problems with getting our CAD through our phones with run numbers and times. This is quite a burden on us for reports and paperwork. We are getting things taken care of.

MABAS meeting-

State of Michigan has taken 1 million dollars out of the budget that supported MABAS. This does not mean MABAS is going to stop its responses. Just unsure of what will happen with monies that are relied upon from the State to provide special teams like Michigan Task Force 1.

911 Authority board meeting-

One of the 2 dispatchers that was hired a couple months ago has quiet. The county is actively seeking hiring another dispatcher to fill the position.

The County IT issue with Email was discussed and is out of the Sheriffs and Fire Dept. hands. It must be handled by County IT. Could be a few more weeks to get this resolved.

Training for the month

- Relay pumping with LDH tanker to engine
- Scene Size up/ Command/ Communication/ reading smoke
- Pumping
- Medical

Blue Lake Twp Fire Department Monthly Report

TRUCK / EQUIPMENT MAINTENANCE

New Batteries have been put in the Brush truck

A battery kill switch has been delivered for sxs that we will install to prevent the batter from dying.

Respectfully submitted.

Blue Lake Township, Kalkaska County
Job # 5082 - Customer Contingency List

No.	Qty.	Item Description	Each	Total
1	1	Remove customer's 800 MHZ mobile radio and speaker from their existing pumper and install on the dash of the new Spartan pumper.	\$ 582	\$ 582
2	1	Remove customer's iPad mount from their existing pumper and install on the dash area of the new Spartan pumper.	\$ 78	\$ 78
3	1	Remove customer's TIC camera from their existing pumper and install on the back of the engine tunnel.	\$ 305	\$ 305
4	1	Remove customer's two (2) Streamlight handheld flashlights from their existing pumper L1 compartment and install on the back of the engine tunnel.	\$ 462	\$ 462
5	2	Add two (2) Kochek 2-pc. standard spanner wrench set with holder, install one (1) in the L1 compartment and one (1) in the R1 compartment	\$ 287	\$ 574
6	1	Add one (1) Kochek 3-pc. standard spanner / hydrant wrench combination set with holder, install in the B1 compartment	\$ 364	\$ 364
7	2	Add two (2) PAC tool mount Irons Kit storage mounts for customer provided Halligan / axe storage. Install mounts on interior rear wall of the chassis cab, next to the outboard forward facing seats, (1) each side.	\$ 575	\$ 1,150
8	-1	250 LB aluminum slide out vertical tool board with lower single lock track	\$ 1,344	\$ (1,344)
9	-1	250 LB aluminum adjustable shelf, half depth	\$ 576	\$ (576)
10	1	Add one (1) 3/16" aluminum wall mounted smooth aluminum tool board on the upper portion of the L1 compartment. Tool board to have a DA sanded finish, rounded corners and proper spacers for spacing away from the wall.	\$ 852	\$ 852
11	1	Remove customer's existing small fitting, adapters, etc. from their existing engineer's compartment and install on the new upper smooth aluminum in the L1 compartment. Final layout to be determined with customer.	\$ 1,172	\$ 1,172
12	1	Add one (1) 3/16" aluminum wall mounted smooth aluminum tool board on the upper portion of the R2 compartment for mounting of customer tool chargers. Tool board to have a DA sanded finish, rounded corners and proper spacers for spacing away from the wall.	\$ 852	\$ 852

13	1	Add one (1) 8-outlet 120V power strip on the tool board in the R2 compartment to connect to customer's tool chargers. Add (1) 120V shoreline powered 20A duplex outlet box in the R2 compartment to power the power strip and other customer tools and one (1) 20A duplex outlet box to the interior of the EMS compartment for the customer to power their portable suction unit. Duplex outlets to be shoreline power only.	\$ 1,207	\$ 1,207
14	1	Add a single back board storage pocket on the exterior back wall of the chassis cab to store (1) customer provided plastic EMS back board. Storage pocket to be a top load with (1) Zico Velcro restraint strap and fabricated from aluminum diamond plate.	\$ 1,420	\$ 1,420
15	1	Install four (4) customer provided SCBA storage brackets on the upper back wall of the L2 compartment, equally spaced.	\$ 249	\$ 249
16	1	One (1) interior EMS cabinet shall be fabricated for installation located in the mid location of the cab, behind the driver seat, over the side cab wheel well. This compartment shall measure approximately 20.00 inches wide X 43.00 inches high X 17.00 inches deep. A 2" lip shall be provided around the outer edges on top the compartment to provide a tray surface. This is on top of the 43" compartment making the overall height approximately 45". The compartment shall include solid aluminum walls with an interior access point, rear facing. The interior access provision shall feature a clear opening of 16.00 inches wide x 37" high with a solid hinging aluminum door with single trigger latch. Hinge to be towards the interior of the cab to allow access while standing on the ground. The compartment shall include four (4) aluminum Unistrut channels, two (2) on each interior side wall of the compartment for use with shelving and other equipment mounting. Compartment to include one (1) vertical LED strip light that is park brake activated. The EMS compartment interior shall feature a DA sanded finish. The mid EMS compartment exterior surfaces shall feature a Onyx-Black multi-spec coating including the hinging access door.	\$ 5,112	\$ 5,112
17	1	Add one (1) adjustable shelf to the interior of the rear EMS compartment. Shelf to be smooth aluminum with DA sanded finish with 2" lips front and back. The bottom of the shelf to have black floor tiles.	\$ 305	\$ 305
18	1	Remove and install the external 800 MHZ radio and speaker that are at the pump operator's panel on the customer's existing pumper and install at the pump operator's panel on the new Spartan pumper. Fabricate an aluminum diamond plate box with vertically hinging door and trigger latch sized to fit the radio and speaker and install on the top portion of the pump module, just above the hinging operator's panel. Location TBD with customer.	\$ 1,349	\$ 1,349
			\$ 14,112

Shipping

Located on Blue Lake Rd NE he has begun build Garage to retain Units and will monitor as needed.

Containers

7/29/2026

Good evening,

During the month of July as of 7/29, I processed 11 deeds, 11 PTA's, 1 death certificates and 1 easement, 2 PRE and 1 Rescind.

We did check on the new construction going on in the township.

The County Equalization Dept requested a copy of our personal property statements so they could conduct an audit. I scanned and transferred a copy of all the appropriate pp statements.

Thank you,

Tom
